IPSCON'26

by INDIAN PHARMACOLOGICAL SOCIETY
PHARMACOLOGY AT THE HEART OF PATIENT-CENTRIC CARE
From Molecules to Medicines. From Evidence to Outcomes.

SCIENCE | PEOPLE | BETTER HEALTH

VISION & MISSION

VISION

To make pharmacology the scientific foundation of **safer, smarter** and more **patient-centred** healthcare.

MISSION

To connect pharmacological science with bedside care through **research, education, innovation** and **collaboration**—advancing rational therapeutics, medication safety and better outcomes for **every patient**.

— OUR CORE OBJECTIVES —

Advance Rational Therapeutics

Promote safe, effective and cost-effective use of medicines for better patient outcomes.

Promote Research

Encourage high-quality research in pharmacology and allied disciplines to address current and future health needs.

Strengthen Education

Support capacity building, knowledge exchange and professional development across healthcare disciplines.

Enhance Patient Care

Translate pharmacological knowledge into real-world practice for improved quality of life.
